

Welcome Letter

Dear Participants,

As the committee chair, it's my pleasure to welcome you to the WSPMA Fall Seminar in Tacoma, Washington. The event will begin with an informal, no-host reception, Friday from 6 - 9 PM in the hotel lounge.

As you may have noticed, a good deal of this year's seminar is focused on safety and health-related issues. There is no doubt we are all exposed to certain dangers and conditions which could affect our health and safety. Some we are aware of, some we are not. The last thing any of us needs is a surprise.

I am excited to hear from this year's speakers as they help us better understand the risks we face and most importantly, how to avoid becoming a victim.
